

Are You at Risk?

This FAASTeam safety presentation will cover: General Aviation accident statistics, at risk behaviors, risk management theory and tools for the General Aviation pilot. We will also discuss the PAVE model with interactive examples. Spring is here! Come out to a seminar and refresh your risk management skills. Please click on the link below to see all the details and register today. Please bring photo ID!

Directions: Please go to map link for directions.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
